## **ATCO POWER LAUNCHES COMMERCIAL AND INDUSTRIAL SALES**

### **Businesses will benefit from improved service and lower electricity costs**

CALGARY, Alberta – ATCO Power (ATCO) announced today the launch of a new division dedicated to selling power directly to commercial and industrial customers in Alberta. ATCO Power will now offer customers such as hospitals, shopping malls, light industry, as well as large industrial operations, unique electricity solutions for their businesses.

“We intend to earn our customer’s business by providing them with a higher level of service, and, most importantly, helping them to save on their electricity costs,” said John Ell, President, ATCO Power.

ATCO Power owns and operates power plants in Alberta, across Canada, Australia and Great Britain and has established an international reputation for integrity and reliability worldwide. Our leading industry experts will offer customers a well thought out strategy to lower their electricity costs.

With one quick call, Alberta businesses can have their historical power use analyzed by an ATCO Power Account Manager who will create a customized power solution to meet their future needs.

ATCO Power is part of the ATCO Group of Companies. ATCO Group, with more than 9,800 employees and assets of approximately \$16 billion, delivers service excellence and innovative business solutions worldwide with leading companies engaged in Structures & Logistics (manufacturing, logistics and noise abatement), Utilities (pipelines, natural gas and electricity transmission and distribution), Energy (power generation, natural gas gathering, processing, storage and liquids extraction) and Technologies (business systems solutions). More information can be found at [www.atco.com](http://www.atco.com).
